

Senior Maximo Java Application Developer

Description: Cassidy Consulting Group is seeking a Senior Maximo Java Application Developer. This is a W-2 job opportunity. Please visit our website to learn more about Cassidy Consulting Group – <https://www.cassidyconsulting.us>.

Position Description: Maximo Java Application Developer will design and implement auto-scripts and customized java development solutions as directed by the Project Application Architect. He or she will work closely with the functional and development teams to meet the business requirements of the client.

Required skills:

- Must have at least seven years of software development experience with hands-on practical experience in the specific programming languages and technologies to be used in customizing Java Classes and Objects in Maximo.
- Shall have at least five years of experience with Maximo.
- Shall have completed the IBM Certified Application Development – Maximo Application Platform V3.2.1 certification process within the past three years.
- Must have experience in configuration and installation of interfaces between Maximo and a COTS application.
- Must have a Professional certification as a Java Developer/Programmer.
- Must be a Certified Infrastructure Deployment Professional – Maximo Asset Management V7.6 or an IBM Certified Advanced Deployment Professional – Maximo Asset Management V7.06.

Desired Skills/Experience:

- 2+ years' experience with java class extension in IBM Maximo 7 or later
- 2+ years' experience with creating and editing xml files
- 2+ years' experience with Mobile App Development for Android and/or iOS
- Experience working with agile implementation teams
- Experience with federal government contract work, preferably DOJ agencies
- Experience with Maximo mobile solutions is highly preferable

Start Date: Immediate

Location: Washington, D.C.

Security Clearance: DOJ Top Secret

Citizenship: United States

Required Certifications:

Java Developer/Programmer certification

Certified Infrastructure Deployment Professional or IBM Certified Advanced Deployment Professional

Note - required or preferred (CCNA, CCNP, CISA, CISSP, CISM)
