

## Cost Model Analyst

**Description:** Cassidy Consulting Group is seeking a Cost Model Analyst. This is a W-2 job opportunity. Please visit our website to learn more about Cassidy Consulting Group – <https://www.cassidyconsulting.us>.

### Position Requirements:

- Serves as a Cost Model and Financial Analyst for the Acquisition, Logistics, Technology Enterprise Systems and Services (ALTESS) Product Director overseeing a full range of planning, programming, budget, and cost model analysis.
- Analyzes programs that include common enterprise Information Technology (IT) services, project management, and managed IT services for ALTESS customers.
- Estimates the costs of products and/or projects, resulting in models or analysis necessary to obtain approval to proceed, and to factor into the PD business plans, budgets, and other financial planning and tracking mechanisms.
- Analyzes program support as it relates to cost and budget and identifies and resolves complex issues related to functional resourcing areas.
- Supports coordination of cost model management and budget analyst activities to evaluate financial data and integrates results into a comprehensive evaluation and report using customized cost model analysis software.
- Supports the development of annual and interim cost estimates for new and existing customers to ensure customer requirements are identified for funding.
- Works with the ALTESS leadership to identify potential funding risks based on historical data, known issues, and a variety of changing support requirements. Plans, manages, designs, modifies, adapts, advises, and decomposes financial requirements and business processes relative to the development, implementation and execution of the IT financial management process and tool(s) for PD ALTESS.

### Required Skills:

- Recent or current Army budget experience preferred
- 3+ years of experience in cost modelling and budgeting
- 3+ years of experience working with cost model software tools
- 3+ years of experience working with MS Excel

### Desired Skills:

- Experience with ServiceNow
- Preferred experience with Digital Fuel and/or Proven Optics
- Familiarity with DoD budgets
- 3+ years of experience working with cost model software tools

**Location:** On-site in Radford, VA (remote/telework may be available/approved based on qualifications)

### Contract Labor Category, Education, & Experience:

Business Systems Analyst – Senior: Masters +10yrs, or Bachelors +12rs

Business Systems Analyst - Intermediate: Bachelors +7yrs or Associates +12yrs

**Security Clearance:** DOD Secret (Fully Adjudicated), as a minimum

**Citizenship:** United States

**Required Certifications:**

CompTIA Security+

ITIL® Intermediate Level Certification

Computing Environment Certification (Server +, MSCA, MSCE)
