Senior Virtualization Administrator

Description: Cassidy Consulting Group is seeking a Senior Virtualization Administrator. This is a W-2 job opportunity. Please visit our website to learn more about Cassidy Consulting Group – https://www.cassidyconsulting.us.

This position is for a Senior Virtualization Administrator for a mixed and growing environment of multiple virtualization installations. This position will work with the existing Virtualization team to manage, maintain, deploy, troubleshoot, and support the physical and virtual servers for numerous customer environments. This position will assist with implementing new system hardware and software and provide input for developing local operating procedures and policies as needed. This position will need to be adept at monitoring the environment and reacting to time critical situations.

Required skills:
- A total of 5 to 7 years of hands-on experience as a Senior VMWare Administrator
- 5 to 7 years hands-on experience supporting various vSphere components (vCenter, ESXi, VUM, VUMDS, etc...), and networking concepts (VLANs, routing, etc)
- Familiarity with server virtualization technologies and SAN/storage concepts (LUNs, HBAs, logical volumes, NFS, iSCSI, etc….))
- In depth experience with server chassis technologies (HP c7000, Cisco UCS)
- Security hardening experience
- Working knowledge of OS security best practices and configuring/managing/updating large groups of servers
- Desired skills include Scripting, Clustering Concepts, creating/maintaining documentation, and training junior team members
- Creating/maintaining documentation
- Training junior team members

Desired Skills:
- Scripting – PowerShell, BASH, python, Ansible, etc…
- Clustering Concepts – WFC, Oracle RAC
- Experience with DoD Security Technical Implementation Guidelines
- In depth OS knowledge - Windows X, Windows Server 20XX, RHEL/OEL X

Education & Experience:
Mid-level candidates need at least a Bachelors with 5yrs or Associates with 7yrs experience
Senior Level candidates need at least a Masters with 10yrs, or Bachelors with 12yrs experience

Security Clearance: Fully adjudicated DOD Secret, as a minimum

Citizenship: United States

Required Certifications:
CompTIA Security+
VCP 5/6/7
